To

SRI. B.T. KEMPANNA, B.A.,LL.B.,
Secretary to the Government of Mysore,
Development Department, Bangalore.

Sir,

Subject:- Improvement in the pay and prospects of Sri. A.V. Raghavachar, Superintendent, Central Industrial Workshop and Industrial Engineer.

~~I have to state that~~ Sri. A.V. Raghavachar, B.Sc.,(Mysore), M.Sc.,(Tech) (Manchester), was appointed to act as Superintendent of the Central Industrial Workshop and Industrial Engineer in Notification No. 4231/C.B. 113-39-1 dated 28-2-1940. His pay was fixed at Rs 475/- in Grade Rs 300-25-600 with effect from 4-3-1940 as per G.O.No. 5068-69/C.B. 113-38-2 dated 8/9-5-1940. He was confirmed in his appointment with effect from 31-7-1940 in Notification No: 894/C.B. 55-41-1 dated 10/11-9-1941. He reached the maximum of the Grade i.e., Rs 600/- in March 1945.

Sri. Raghavachar has improved the working of the Workshop and has also been responsible for the manufacture of several scientific equipment as is evidenced in the enclosed Statement. I am also enclosing for the information of Government a Statement showing the profits realised by the Workshop during the tenure of office of Sri. A.V. Raghavachar. It will thus be seen that he has taken considerable pains in improving the technique and also the general working of the Concern.

I may mention also that his services are being utilised in connection with several technical matters referred to the Department for opinion by Government, for e.g., layout and estimates for Workshop, evaluation of plant and machinery, schemes for development of cottage industries utilising power, patent applications etc. He has been placed also in charge of working out the scheme for shifting the Workshop and enlarging its activities, the cost of which is estimated at Rs 10 lakhs.

In view of the responsible work detailed above, I am of the opinion that his pay and status should be at least equal to that of an Executive Engineer, P.W.D. Sri. Raghavachar reached the maximum of Rs 600/- in the Grade of Rs 300-25-600 in the year 1945 and has since then been drawing the same pay. Considering his qualifications and work done so far and his having reached his maximum in the Grade 4 years ago, I recommend that his pay be revised to Rs 450-25-750.

In the pay commission for Industrial Concerns, the Committee have proposed a pay equivalent to that of an Executive Engineer, D.P.W. for the first class factories. Sri. Raghavachar even though he is in charge of Central Industrial Workshop is also the Industrial Engineer for the Department. Hence the grade recommended is equitable considering all aspects of the case. I request you kindly to obtain early orders of Government in the matter and communicate the same to me.

Yours faithfully,

DIRECTOR.

Central Industrial Workshop, Bangalore.
